

# The Leadership Collaborative

## About Us:

For over 30 years, Support Center has worked in collaboration with nonprofit and philanthropic clients to increase organizational effectiveness and efficiency, enabling them to improve the quality of life in our communities.

Our mission is to empower nonprofits and social enterprises to transform their leadership and management and accelerate positive social change.

## About the Program:

The Leadership Collaborative will integrate the existing elements of Support Center programming into a coordinated leadership development community for emerging social sector leaders. This is the fourth leadership cohort for the organization, broadening the scope of Support Center's Trajectory Leadership Group. Through participation in the program, leaders will work together to find creative solutions to management and operational challenges. The program will engage participants to support, advise, and inspire their fellow leaders to manage their organizations more effectively.

*Participants will advance their skills in the following areas:*

- advocacy
- assessment
- financial management
- fundraising
- leadership development
- staff development
- talent management
- technology and data
- trends and tactics for research
- outcomes measurement

**PLUS!** An online community of practice and office hours will complement the in-person sessions. Participants will also have access to a network of alumni leaders in the field.

This program is geared towards middle managers and emerging leaders of color in the social sector and philanthropy fields.

## Schedule:

The program will run from March 2018 through November 2018 and will include in-person cohort gatherings complemented by monthly online meetings. For more information, please click [here](#).

## Fee:

The program fee is \$2,500.
