

# Support Center's Leadership Collaborative

For over 30 years, Support Center has been dedicated to increasing the effectiveness and capacity of nonprofit leaders and their organizations. Our mission is to empower nonprofits and social enterprises to transform their leadership and management to accelerate positive social change.

## About the Program

Support Center invites you to apply to our latest leadership development program! The Leadership Collaborative will integrate existing elements of our programming into a coordinated community for leaders moving into more senior social sector roles in the next few years.

Through participation in the program, leaders will be encouraged to discover and execute creative solutions to management, operations, and sustainability challenges.
