

Executive Leadership Certificate Program

Learn and network with fellow nonprofit executives during interactive skills-based trainings that will evolve your board engagement, people management, and financial oversight.

OVERVIEW

The Executive Leadership Certificate Program is a great source of information and inspiration for new executives as well as leaders who want to be better at what they do. The certificate program consists of seven workshops, including four required subject areas and three elective workshops of your choice. Required subject areas include: The Basics of Executive Leadership, People Management, Board Governance, and Financial Management.

BENEFITS

- Manage concerns and conflicts creatively and efficiently
- Enhance relationships with colleagues and direct reports
- Meet and learn from other emerging leaders
- Build a supportive and collaborative board of directors
- Feel more confident in your ability to strategize and engage others
